Safeguarding and promoting the welfare of children refers to the process of protecting children from maltreatment, preventing the impairment of health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

Child protection refers to the processes undertaken to protect children who have been identified as suffering, or being at risk of suffering significant harm.

Safeguarding Responsibilities

This document recognises that staff will be working with children that they do not normally support in their normal duties.

All Staff supporting students returning to the school environment are responsible for ensuring the safety and wellbeing of children accessing it. They have a duty to recognise any concerns and respond to them in line with the steps outlined in this document.

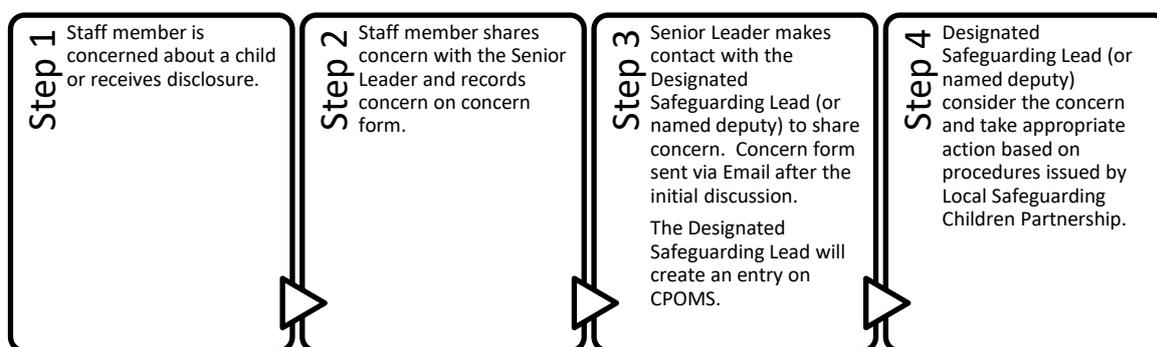

Senior Leaders must ensure that the site is operated safely as per the Covid-19 Revised Operating Procedures and that the culture of safeguarding remains high as per current Site Specific Safeguarding Arrangements documents. They must ensure that all relevant Risk

Assessment documents and any concerns identified are shared in a timely manner with the Designated Safeguarding Lead and other relevant staff.

The Designated Safeguarding Lead will remain responsible for all pupil cases in line with current arrangements. Whilst they do not need to be on-site they (or their named deputy) **must** be contactable at all times the provision is operational.

The Designated Safeguarding Lead must continue to work within the framework outlined by their Local Safeguarding Children Partnership and continue to work as far as is reasonable in all multi-agency processes. They must also ensure that they stay up to date with Trust, Local and National Government Guidance.

Dealing with New Concerns – Should be recorded as per usual policy. The process shown below should be followed if usual access to CPOMS for staff is not available due to site issues or availability of devices in classrooms.

Students not returning to school – the current level of Safeguarding support and contact arrangements adopted during the Covid-19 Closure period should remain in place. This should be reviewed regularly by Safeguarding Teams. For students who are still accessing on-line or virtual learning, the Remote and Virtual Lessons Guidance should be adhered to.

Allegations against staff or volunteers

When an allegation is made against a member of staff, our set procedures must be followed. The full procedures for dealing with allegations against staff can be found in the Trust's Managing Allegations Against Adults Working Within the Trust Policy.
